GOVERNMENT OF INDIA TECHNICAL TRAINING SCHEME

E. K. RAMASWAMI, B.Sc. (Lond.),
A.C.G.I., M.I.Mech.E., M.A.S.M.E., M.I.E.
PRINCIPAL

COLLEGE OF ENGINEERING
BANGALORE

Dated the 18th September 1943.

To
The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

Sub: Technical Training Scheme.
Ref: Your letter No. J. 554--57 of 16-9-'43.

With reference to your above letter I have the honour to inform you that we advertised in the local papers and called all the applicants to appear before the Selection Committee but we failed to get the required number, as the physical standard of recruitment specially in the matter of weight, is rather too high. It is now stated that none under 100 lbs. should be selected as against 95 lbs. previously fixed. Due to shortage of food it is difficult to get, candidates of this weight. I have already brought this to the notice of Khan Bahadur M.A. Gurmani, the Director of publicity and Recruitment to the Government of India, Department of Labour, Simla, when he was here recently and also addressed the Chairman, National Service Labour Tribunal, Madras, in the matter. It is difficult even under ordinary condition in

P.T.O.

in South India to get sufficient number of recruits of this standard.

I have the honour to be
Sir,
Your most obedient servant,

Principal

USR.

ENCL: One letter.

Copy to the Director of Industries and Commerce, in Mysore, Bangalore, for information. This is with reference to his letter No.C6-163-1/43-44, dated 17-9-'43.

Copy of letter No. 304 dated 2-9-'43, From the Principal, College of Engineering, Bangalore to the Chairman, National Service Labour Tribunal, Madras.

I have the honour to point out that inspite of the scheme of the Technical training being advertised in the vernacular in the local papers, the response for recruitment has been disappointing. About 200 candidates applied but when they were asked to come for interview only 50 turned up. Many of the applications were from mofusil stations and only local candidates turned up for interview. Only 32 vacancies were filled still having 83 vac. vacancies to be filled up. It is evident that the candidates were afraid of coming over here at their <u>own</u> expense on the chance of being selected and secondly in the advertisement it was definitely stated that only above 100 Lbs. in weight need apply. — — These two conditions have kept away a large number as on previous occassions the response was very good. So I suggest that either the members of this Selections Committee should be allowed to tour or better still have some committees formed, say with the Executive Engineer as Chairman, the District Medical Officer and the headquarter assistant to the Deputy Commissioner as members. The list of selected candidates may be sent to me for posting as vacancies occur in <u>all</u> the Centers in the Mysore State.

Secondly due to the shortage of foodstuff it will be very difficult to expect boys to come up to the standard laid down regarding weight and that specially in South India, I need not mention to you about the ordinary physical standard of young men down south, but I may say that they usually put on weight in course of the training here and also in the Army Centres. With the Shark Liver Oil treatment, it should be possible to bring up the candidates to the army requirements in the course of the training period which is now about one year. I therefore suggest that as in the earlier years the standard regarding weight be reduced to 95 lbs.

THE MYSORE IRON & STEEL WORKS

(GOVERNMENT OF MYSORE)

TELEGRAPHIC ADDRESS:
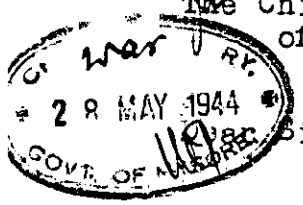
MYSIRON', BHADRAVATI
CODES:
BENTLEY'S
WESTERN UNION FIVE LETTER
A.B.C. 6TH EDITION

BHADRAVATI (INDIA)

26th May 1944.

Ref. No.G/ 404



The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Public Offices, Bangalore.

Dear Sir,

Technical Training Scheme (War Technicians)
Bhadravati Centre.

I beg to submit herewith for information of Government a copy of the Memorandum No.TR(B-II) 270 dated 8th May 1944, received from the Assistant Secretary to Government, Department of Labour, Government of India, regarding abolition of the Technical Training Centre for war technicians at Bhadravati. Necessary action has been taken as desired by him in the memorandum.

The trainees have been transferred to other centres as per orders of the Government of India and the training centre has been disbanded effective from the 22nd May 1944.

I wish to add that the total strength of this centre was 52, and about 172 war technicians were trained and sent to Civil and Military Centres so far from the inception of this Scheme, i.e., from 1st July 1941.

Yours faithfully,

D C Krishna Rao

General Manager-in-charge.

Encl: 1.

Mcrs:

THE MYSORE IRON & STEEL WORKS

BHADRAVATI

Copy of Memorandum No.TR(B-II)270 dated 8th May 1944 from the Assistant Secretary to Government of India, Department of Labour, Simla.

In view of the reduced requirements of services, it has been decided to close the training centre at the Mysore Iron and Steel Works, Bhadravati, Mysore, and to withdraw the sanctions accorded in this Department's letters No.TR270 (1) dated the 6th May 1941 and TRB270 (1) dated the 31st October 1941 relating to the application of the Technical Training Scheme to that centre, with effect from the date on which the trainess are transferred or discharged under para. 3 below.

2. Please credit the permanent advance of Rs.55/- (Rupees Fifty-five) placed at your disposal into the local treasury under the head "P-Deposits and Advances-Permanent Advances Civil" and forward copies of the various publications, surplus forms, etc., supplied to you by or on behalf of this Department in connection with the Technical Training Scheme to the Senior Regional Inspector, Southern Circle (South) Madras.

3. The Chairman, Madras National Service Labour Tribunal, Madras, is being requested to transfer or discharge the trainees who may be at present under training at your Centre.

4. The equipment supplied to you or purchased by you locally at the cost of the Central Government, in connection with the training of war technicians at your centre should be kept in store pending further instructions for its disposal.

5. Unspent balance, if any, of fines realised from trainees at your Centre under para. 60 (2) of the "Training Manual 1943, Part-1, should be disposed of in consultation with the Senior Regional Inspector, Southern Circle (South) Madras.

6. The services of the Instructional and other staff, sanction to whose engagement was accorded by this Department or the Senior Inspector, should be dispensed with as soon as possible by giving one month's notice, if necessary.

7. The Government of India greatly appreciate the valuable and ungrudging assistance they have received from you in training war technicians at your centre and wish to assure you that their decision to close this Centre is in no way a reflection on the co-operation and help they have received from you. They are indeed most greatful to you.

/C o p y/

Bhadravati/26.5.1944.
